Open Action Items

- TPOC AI# 78

  - Title: Standard web browser guidance

  - Submitter: MR. Curt Kockx, EUCOM

  - Assignee: DoDIIS SIMO/ERB

  - Action: Provide guidance to the community concerning adopting a standard web browser and establish an effectivity date for compliance

- Disposition: Open

- TPOC AI# 81
  - Title: Security Certificate Standardization
  - Submitter: Lt Col Tonzi Hardges
  - Assignee: Mr. Steve Fager
  - Action: Determine who will ensure standard digital security certificates are able to be identified across DoDIIS systems
- Disposition: The issue will eventually be decided at the community management staff (CMS) level. The DExA continues to track progress.
  - The DExA does not have authority to task the CMS.

- TPOC AI# 83

  - Title: Memo for Program Management Board (PMB) on IV&V

    - Submitter: Mr. Steve Fager

    - Assignee: 497IG/INDI

    - Action: Obtain comment and input from the PMB and concurrence from the DMB for content of a JITF IV&V oversight checklist to be used in documenting specific phases and outcomes during GDIP IMA software development.

- SUSPENSE: 1 Sep 99

- OBE: IV&V is being changed to DoDIIS Compliance

- Disposition: Closed

- TPOC AI# 84
  - Title: Proposed JITF PR Impact Levels
  - Submitter: Mr. Steve Fager
  - Assignee: Mr. Scheiderich, AFRL/IFEB-JITF
  - Action: Reconcile JITF proposed software PR impact levels with those of commercial software development.
- SUSPENSE: 1 Sep 99

Rules of Engagement

- Our purpose is to educate and improve
- Discussion doesn't mean argue
- Complaints require specifics and suggested solution
- The goal is to field better software
